TIER II DIVERSITY REPORTING

Tealbook's Tier II reporting provides access to Tealbook supplier information as well as actionable intelligence related to diversity and spend data.

1. TIER II

Features

- Supplier Diversity Status
- Invite any number of your Suppliers to participate in your Tier 2 diversity program
- Track those suppliers accepting invitations who provide their diverse spend information
- Uses the same Tealbook AI and ML capabilities used to holistically capture your suppliers' diverse spend
- Each supplier is associated with their clients in the Tealbook community

Benefits

- Easily scale Tier 2 diversity spend reporting across your entire supplier population
- Insight into status of Tier 2 reporting across invited Suppliers
- Suppliers receive a high-level diversity spend report for their benefit
- Suppliers can report their diverse spend to multiple clients in one place

2. ADDITIONAL CONDITIONS

- Users must be subscribers registered to Tealbook's Elite product on Tealbook.com.
